

2017 Workshops: The Horse's Skeleton

About the Presenter:

Helen Davies started by having the old Windy Hollow School horses prepared into skeletons at OP in 2007 as part of the EQASA training program she offers, after presenting this she started getting comparison donation horses and ponies being donated to the program and currently the collection comprises of over 60 specimens

Guest Speaker: 21/22 Jan
Equine Dentist: Jared Sansom

- Qualified in the USA
- As a previously graded rider he has great insight as to the influence of the bit to the horses mouth and teeth balance

This is a refreshingly interactive course, with the most comparative material you will find in South Africa. Don't miss out on this unique opportunity to see first hand what your horse is all about.
